Course Jumping Clinics with Australian International rider Warren Lamperd, BE Accredited and BSJA Level II (currently sitting for Level III) at Hamstead Growers, Hamstead Marshall, Near Newbury
(www.hamsteadgrowersequestrian.co.uk)

These clinics are designed to focus on course jumping and to simulate competitive situations.

Warren builds a course in the 60m*40m all weather arena. Work is done over components of the course before jumping the whole track.

Group lessons are £26, semi-privates £35 and a private lesson is £50.

Warren is also running Competition Sessions where riders warm up and jump a course as if at a show. They then discuss their round with Warren and then immediately jump around again. These will be £15 a go and will be run later on the clinic days as well as separate sessions.

The clinics are held regularly on the third Saturday of the month, subject to competition.

For further information and booking contact Warren on 07812 193747 or email warren@whitehartstables.com or visit www.whitehartstables.com.
